**RE: 2022 Cottage Season  
Christian Island Indian Reserve No. 30**

Dear Lessees:

The Lands Staff received confirmation today from Chief and Council to officially open the 2022 cottage season starting **Sunday May 1, 2022, pending the return of the Sandy Graham vehicle ferry**. The repairs have been completed so now we wait for mother nature to melt all of that ice out there!

If, for some reason, the Sandy Graham is NOT back from drydock by May 1<sup>st</sup>, the opening date will be delayed until it's return to Christian Island.

The following mandates (the wearing of masks and physical distancing) currently remain in effect for all Band Buildings & Businesses including public transportation (ferry/bus). Notification will be provided to the community when this mandate will be lifted. If this mandate is still in effect upon your return, you will be asked to comply.

**Please note:** Trailers for boats, atvs, seadoos, etc, will only be permitted on the Sandy Graham during off peak days which are Sundays to Wednesdays.

Any correspondence/phone calls received requesting travel to the island prior to May 1<sup>st</sup>, 2022, will not be entertained at this time.

We would like to thank you all for your patience and cooperation during these pandemic times. We all look forward to resuming life as the "new normal" and "business as usual".

If you have any questions or concerns, please let us know.

Sincerely,

Crystal Roote  
A/Co Lands Manager

Sincerely,

Dana Monague  
A/Co Lands Manager
