

Aaniin,

My name is Sherry Iris King, I am honored to have been nominated as Councillor for the upcoming election and I am happy to accept. I would like to take this opportunity to thank my nominator Margaret White and seconder Kyle King.

I would also like to acknowledge the accomplishments and hard work of the out-going Chief and Council and extend best wishes to those who vie for re-election.

I have been very fortunate to have had the experience to live both on and off reserve. It has given me a better understanding of some issues and concerns raised from our members, we are one community regardless of our residency and there should not be any

differentiation between on and off-reserve.

I was previously a Board of Director for the Georgian Bay Native Friendship Centre and also for the Georgian Bay Native Women's Association. As a Board we identified community needs and worked together to get the best results.

If elected I will work as a collaborative team member alongside the Chief and Council and strive to make the best decisions so that our community continues to move forward toward a great future. I have a strong voice and will advocate for our members with an honest and transparent approach and will do my best to meet challenges and help guide us in a direction that positively benefits our members and community.

Transparency is Key:

In order to take actions that fully represent the mandate of our community, it is imperative that our governance structure is fully transparent. Being open honest and clear, ensuring that all actions, tasks, and efforts are fully visible and understood. Information sharing at every stage is key. This allows you the membership to be fully informed and

provides the opportunity for the membership a chance to provide meaningful feedback on issues that are important to you the members. Your voices matter!

There are many areas of interest that I am passionate about such as housing and education, just to name a few. The following is a list of issues where I believe we can make progress:

Strategies to move forward:

- Revisit the trust fund for our minors to ensure they receive their annual interest;
- I would like to see more community involvement on major decisions;
- Improvement on the condition of the dump.

I am a woman of faith and integrity, I am approachable, compassionate and committed. I am hopeful for your support and it would be a privilege to represent you as a Councillor.

Miigwetch

Sherry King
