

# **Tiffany McCue for Beausoleil First Nation Council**

**I am committed to our community and all of our members.**

**It is my mission to serve our members through compassion, understanding and commitment to supporting the raising of tomorrow's leaders.**

## **About Me**

I am a married mother of three. I reside just outside Cedar Point on Concession Rd. 18 in Tiny. Since returning to school 6 years ago, my passions evolved into working within our community through education, the elimination of barriers among each other and mental well-being.

## **My Education**

I returned to school in 2013 and graduated from Adult Learning with honors. The same year I began my Georgian College journey in the Aboriginal Community and Social Development Program where I graduated with honors in 2015.

Completing my diploma led me straight back home into working for our community and later the larger Indigenous Populations of our Region. My experiences have granted me hands-on knowledge of budgets, systems, policy, program development and service to the community and all of its people.

## **Passion for Leadership**

I have many passions when it comes to our community and the opportunities that can be achieved through great leadership, a strong council and support from BFN staff and community members. I believe in economic sustainability, mental health and addictions supports, long-term pandemic planning, training and personal development opportunities, culture and language revitalization efforts and commitment to the education of our youth at all levels.

## **Plan**

Big changes are happening within our community and the outside world. I believe now is the time to take leadership back to the community. As an elected leader I strongly believe that it will be my job to deeply listen to the people of our membership and work for that voice. I will strive to implement the changes that are being asked for, to elevate the things that are already working and most importantly, be the voice of the community.
