

BRADEN MONAGUE

Over the last 13 years, I have been serving our community through many different capacities. My main focus has and always will be the safety and well being of our community and the people in it. I am currently the Deputy Fire Chief and hold many responsibilities in this position. This is one area that provides me with an extensive knowledge on how to work for the community.

My approach going into this election is a "Boots on the Ground" approach. I am a leader who is proactively solving problems and doing my absolute best to remove any barriers my team may face. I show this in my role as a volunteer firefighter and within my role in the workplace, as Network Manager. I also make myself available and seen in the workplace to help anyone and everyone who may need assistance.

My core values are trust, respect, and integrity. I use these to guide my actions to do the right thing. I care deeply about our community. My passion and commitment shows each and everyday when you see me in the community! I hope to transfer this passion and commitment into a councillor position, to continue to serve and work for our people, in the community as well as our people outside of the community.
