

ANGELA BEEDIE

**FOR COUNCIL
2018-2020**

Ahneen Chimnissing Members,

I would like to thank my nominator Vanessa Monague, and Seconder Rod Monague Jr. for having confidence in me to seek a seat on Council and serve the community.

My name is Angela Beedie and I am asking for your support to secure a seat on Council for the 2018-2020 term of office.

I have worked and lived the community for many years. In my work experience I have been employed in many departments and worked alongside collaboratively with some.

We have issues in the community. I would like to help find solutions and implement some plans to address them.

I would like to see projects completed that have been started. I would also like to find solutions to the current overcrowding in our Administration Building, and Health Centre. When more space is created, capacity can increase, and productivity will follow!

I am currently involved in the committee for the Comprehensive Community Plan. I commit to ensuring that this document will be used by Chief and Council as it is a plan being developed by the community members. The priorities are from the community, and you are who we represent. The people are what makes a community! **On JUNE 23RD, MARK YOUR "X":**

X	ANGELA BEEDIE
