

## PRIDE & UNITY

---

Caring for the community is my number one priority. With that comes the voice of the community.

A community is made up of shared voices, collaboration, teamwork, and cooperation.

With these crucial aspects, I plan to work towards creating a sense of community for our people to come together, and work together for the advancement of THE PEOPLE OF Chimnissing.

## STRENGTH & VISION

---

### COMMUNICATIONS & TECHNOLOGY

Our emergency services, administration, programs & services, community residential & small businesses need better internet.

Working for Beausoleil Broadband has always been a dream of mine. For the last seven years I have been working to try to keep the internet working efficiently. We are long over due for upgrades with our equipment and network capabilities.

Technological advancement for our community is certain as we strive to be part of today's modern world.

I have a strong commitment to this endeavour and will ensure that improvements and maintenance are priority.
