RE: BARGE SERVICE; Trailers, Boats, Wave runners etc.,

Dear Lessee(s),

The Beausoleil First Nation Lands & Resources Department would like to remind all our Lessee(s) and their families that transporting over, Trailers, Boats, See-doo, wave runners, or any form of watercraft **MUST** be done during off-peak days (Sunday to Wednesday).

This is to alleviate the volume of traffic that accumulates at both wharfs (Christian Island & Cedar Point) for the ferry line-up, and to alleviate traffic when vehicles are loading onto, and unloading off of both ferries.

Should such items need to be transported over travel is permitted weekly from **Sunday to Wednesday**. No exceptions will be given at this time as the BFN Lands & Resources Dept. is taking the safety and well-being of all drivers, passengers & pedestrians into consideration.

Sincerely,

Dana Monague
A/Co-Lands Manager
Beausoleil First Nation
Lands & Resources Dept.

Crystal Roote
