RE: ALL COTTAGE SUBDIVISIONS – BUILDING PERMIT APPLICATION UPDATE

Dear Lessee(s),

Please be advised that the Beausoleil First Nation (BFN) Department of Lands & Resources has updated the Building Permit Application as of April 05, 2023. We have made several changes to the Building Permit Application, in particular to the overall design and layout of the Building Permit. Lessees are now required to submit a Building Permit for everything Exterior and/or major structural changes within Interior of cottage.

We have also made several changes to the Building Permit Fee Schedule. Such as, failure to comply with the Building Permit Policy and Procedures will result in a \$500 fee, in addition to the fee pertaining to that specific construction/improvement. Removal of trees are now subject to Building Permit Fees; the fees will vary depending on the size and species of the tree(s).

Once the Lessee(s) complete a Building Permit Application and is approved, they will now receive a laminated Building Permit. The Building Permit is to be attached where construction is visible to BFN Lands & Resources Employees/Compliance Officers.

Furthermore, if the lessee(s) decide to commence construction without following proper Building Permit Procedures, they will be subject to a Stop Work Order. The Stop Work Order will be attached to that particular building/improvement, and will only be removed once the Building Permit Fees/ Application is completed and receives approval by the BFN Lands & Resources Management. If an individual is caught tampering with Stop Work Order, it will result in a \$1,500 fine.

If you are looking for or have questions concerning the Building Permit Application, please feel free to contact the Compliance Officer Connor Sunday. You can also receive a copy of the Building Permit Application on our website: <http://www.chimnissing.ca/lands.html>

Sincerely,

Anthony Lewis
