

## Land Use Notice - Visitors and Cottagers

### REMINDER

---

Please be mindful that there are private held lands within the Beausoleil First Nation territory. The Lands Office has continued to receive reports concerning lessees and visitors knowingly or unknowingly entering these private lands. No one should enter private-held lands without the expressed consent of the land owner. Land owners are encouraged to erect or reinforce “No Trespassing” signs and to report evidence of trespassing to the police. Please respect all private-held lands and Band Land.

Further, any harvesting of wood, berries, fruit, mushrooms, or other plants is not permitted on private-held lands or Band Land.

Thank you for your cooperation.

Please note this notice also applies to ATV operators who have been using trails on private and/or Band property.
