Emergency Ops Update For Beausoleil First Nation

Re: Water Treatment Plant Update

Due to the restoration of the power in the community; and with the fluctuation of the power being turned off then turned back on multiple times, this caused an issue with sensitive electronic at the plant.

Parts have been ordered to repair the issue, however, at the advice of the Overall Water Operator, a water conservation advisory is being put in place until further notice.

BEAUSOLEIL FIRST NATION IS ISSUING A PUBLIC ADVISORY URGING RESIDENTS AND BUSINESSES TO CONSERVE WATER. EFFECTIVE IMMEDIATELY, ALL RESIDENTS ARE ENCOURAGED TO IMPLEMENT WATER-SAVING MEASURES TO HELP SUSTAIN OUR COMMUNITY'S WATER SUPPLY.

Please help by limiting non-essential water use. Here are a few simple ways that you can help:

- Refrain from using washing machines and dishwashers
- Keep showers brief
- Turn off taps while brushing teeth or shaving
- Only flush toilets when necessary

Conserving water ensures a sustainable supply for drinking, sanitation, firefighting, and ecosystem health. Every drop saved contributes to the well-being of our community and environment.

Thank you for your cooperation in protecting our water resources.
